

Automat

ADVANTAGES	CHARACTERISTICS
Endless flavors	Provide more variety by transforming existing liquid beverages into freshly made product.
Zero Waste	Production is based on consumption, avoiding the product waste that can occur with traditional soft serve.
Quick Production	A freshly made product in few seconds!
Maximum Food Safety	Specifically designed to reduce the contamination risks to a minimum
Automatic Sanitation	The machine's automatic scheduled daily sanitizing cycle makes the in-depth cleaning intervention necessary only once a month
Protect your investment	Automat can be set to operate only when specific brands are scanned, making sure your investment is not utilized for competitor's products
Data Sharing	The machine can be programmed to send up-to-date data directly to the distributor who installed the machine, revealing usage statistics and consumer habits.
Space Saving	A never-ending range of flavors in just 45x60 cm of space. You can double your offer with your existing product line!
Simple to use	Transform your drinks in just 5 easy steps.

1. Place the cup

2. Scan the beverage barcode

3. Pour the drink

4. Start

5. Enjoy

Technical data	Flavours	Hourly production	Water filling and emptying process	Rater Power Input kW	Power Supply	Cooling System	Size W x D x H cm	Net Weight kg
